

520 - Appointment Authority

Personnel Director

Research and Planning Staff

Citation of Section 10 of Public Law 110 as Appointment Authority

29 JUN 1953

1. Following up on our recommendation made in connection with a review of the establishment of Schedule C (paragraph 7 of Attachment I), there is attached a proposed staff study (Attachment II) recommending that the Deputy Director (Administration) approve citation of section 10 of Public Law 110 as the Agency's appointment authority. In view of recent events involving Schedule A, it now seems advisable to convert to the statutory appointment authority.

2. It is believed desirable to present this paper for concurrence of the General Counsel before its submission to the Deputy Director (Administration) because of the legal aspects of the question.

3. If this recommendation is approved, this office will prepare the notice proposed for distribution to appointed employees and appropriate procedural instructions for the Personnel Office.
